What if there are multiple guests per room?

- ▶ MyPechanga currently only supports one Digital Room Key for the registered guest on file for the room. Additional guests who would like access to the room will need to visit the Front Desk with the registered guest on file for a key card.

What if I've booked more than one room?

- ▶ Provided you haven't opted out of using the Digital Room Key, you will have access to use it with any rooms you are checked into during your stay.

What if my phone runs out of battery?

- ▶ If your phone runs out of battery, you will still be able to access your room. Please visit the Front Desk for a key card.

What if my device is lost or stolen?

- ▶ If you lose access to your device, please visit the Front Desk so the existing Digital Room Key can be disabled. We also strongly advise that you ensure your device is secured with a passcode or biometric security feature.
